

Milk Production of Cattle (Indigenous) during the year: 2019 – 2020

For the estimation of total milk production, the estimated number of animals in milk and average of daily yield per animal and the number of days in different seasons were utilised.

Sl. No.	Seasons	Estimated Indigenous Cattle in Milk (in Thousand)	Avg. Yield /day (In Kg)	Production (000 Tonnes)
1.	Summer	87.5	1.55	15.15
2.	Rainy	81.89	1.41	14.17
3.	Winter	90.09	1.36	14.7
	Total	259.48	1.44	44.02

Milk Production of Cattle (Crossbred) during the year: 2019 – 2020

For the estimation of total milk production, the estimated number of animals in milk and average of daily yield per animal and the number of days in different seasons were utilised

Sl. No.	Seasons	Estimated Crossbred Cattle in Milk (in Thousand)	Avg. Yield /day (In Kg)	Production (000 Tonnes)
1.	Summer	6.12	6.56	4.89
2.	Rainy	7.45	6.57	6.01
3.	Winter	6.6	6.43	5.1
	Total	20.17	6.52	16.00

Milk Production Buffalo During the Year: 2019 – 2020

For the estimation of total milk production, the estimated number of animals in milk and average of daily yield per animal and the number of days in different seasons were utilised

Sl. No.	Seasons	Estimated Buffalo in Milk (in Thousand)	Avg. Yield /day (In Kg)	Production (000 Tonnes)
1.	Summer	0.57	2.52	0.18
2.	Rainy	0.19	2.54	0.06
3.	Winter	0.65	2.50	0.20

	Total	1.41	2.52	0.44

Egg Production of Desi Fowl during the Year: 2019 – 2020

For the estimation of total Egg production, the estimated number of Laying Birds and average yield in different seasons were utilised

Sl. No.	Seasons	Estimated of Laying Birds (000 nos.)	Avg. Yield /Season	Production (Lakh Nos.)
1.	Summer	354.98	44.53	158.03
2.	Rainy	360.71	44.52	160.59
3.	Winter	361.94	43.52	154.05
	Total	1077.63	44.19	472.67

Egg Production of Improved Fowl during the Year: 2019 – 2020

For the estimation of total Egg production, the estimated number of Laying Birds and average yield in different seasons were utilised

Sl. No.	Seasons	Estimated of Laying Birds (000 nos.)	Avg. Yield /Season	Production (Lakh Nos.)
1.	Summer	50.93	86.24	43.84
2.	Rainy	47.88	86.26	41.23
3.	Winter	56.48	84.05	47.19
	Total	155.29	85.51	132.26

Cattle Meat Production during the Year: 2019 – 2020

For the estimation of total Cattle Meat production, the estimated number of Animal Slaughtered and average yield per Animal were utilised

Sl. No.	Seasons	No. of Animal Slaughtered (000 Nos.)	Avg. Yield/Animal	Production (000 Tonnes)
1.	Summer	1.32	95.12	0.13
2.	Rainy	1.29	95.62	0.13
3.	Winter	1.01	95.00	0.11
	Total	3.62	95.24	0.37

Buffalo Meat Production During the Year: 2019 – 2020

For the estimation of total Buffalo Meat production, the estimated number of Animal Slaughtered and average yield per Animal were utilised

Sl. No.	Seasons	No. of Animal Slaughtered (000 Nos.)	Avg. Yield/Animal	Production (000 Tonnes)
1.	Summer	0.33	141	0.05
2.	Rainy	0.66	141	0.05
3.	Winter	0.28	140	0.04
	Total	1.27	140.66	0.14

Goat Meat Production during the Year: 2019 – 2020

For the estimation of total Goat Meat (Mutton) production, the estimated number of Animal Slaughtered and average yield per Animal were utilised

Sl. No.	Seasons	No. of Animal Slaughtered (000 Nos.)	Avg. Yield/Animal	Production (000 Tonnes)
1.	Summer	2.99	9.5	0.025
2.	Rainy	3.53	9.75	0.037
3.	Winter	3.26	9.75	0.035
	Total	9.78	9.66	0.097

Pig Meat Production during the Year: 2019 – 2020

For the estimation of total Pig Meat (Pork) production, the estimated number of Animal Slaughtered and average yield per Animal were utilised

Sl. No.	Seasons	No. of Animal Slaughtered (000 Nos.)	Avg. Yield/Animal	Production (000 Tonnes)
1.	Summer	1.71	50.00	0.104
2.	Rainy	2.02	50.00	0.117
3.	Winter	1.70	50.00	0.095
	Total	5.43	50.00	0.316

Poultry Meat Production During the Year: 2019 – 2020

For the estimation of total Poultry Meat (Chicken) production, the estimated number of Bird Slaughtered and average yield per Bird were utilised

Sl. No.	Seasons	No. of Bird Slaughtered (000 Nos.)	Avg. Yield/Bird	Production (000 Tonnes)
1.	Summer	10.39	1.2	0.01
2.	Rainy	10.79	1.2	0.01
3.	Winter	11.51	1.2	0.01
	Total	32..69	1.2	0.03

Wool Production During the Year: 2019 – 2020

For the estimation of total wool production, the estimated number of Sheep Shorn and average yield per Sheep per Season were utilised

Sl. No.	Seasons	No. of Sheep Shorn (000 Nos.)	Avg. Yield/Sheep/Season	Production (000 Tonnes)
1.	Summer	28.82	2.25	21.54
2.	Rainy	27.45	2.19	21.36
	Total	56.27	2.22	42.90
